Document: EPA-R03-OW-2010-0736-0105

Comment submitted by K. Yates

Submitter Information

Submitter's Representative: Keith Yates

General Comment

from everything i've read thus far, New York State has already done most of what is reasonably possible to clean up it's section of the Susquehanna River watershed, and thus the Chesapeake Bay. new, expensive, onerous regulations are unwelcome, and a thinly veiled attempt to block shale gas drilling in NY's Southern Tier, hurting farmers and taxpayers in general in the process.

i do not support your latest policies.
